...ses orders in the matter of liberalising the rules of grant in aid to Aided Middle Schools, maintained by Private Managements.

...p—

...Government Order No. E. 1865-6—Edn. 143-44-9, dated 6th October ...5, passing orders in the matter of liberalising the rules of grant-in-aid ...Aided High Schools under private management.

...2. Correspondence ending with letter No. M5-6141-583—46-47, dated 4th ...tember 1948 from the Director of Public Instruction in the matter of ...alising the rules of grant-in-aid to Aided Middle Schools maintained ...rivate managements.

...3. Government Order No. E. 4259-60—Edn. 45-47-12½, dated 24th ...ember 1948 directing among other things in modification of the Govern... Order dated 6th October 1945 read above, that temporarily recognised ...schools also be given grants to the extent of three-fourths of the net ...prised expenditure as in the case of permanently recognised high ...ols with effect from the School year 1947-48.

ORDER No. E. 6227-28—EDN. 114-47-6, DATED BANGALORE, THE 20TH DECEMBER 1948.

...Under the existing rules, the maximum grant admissible to ...rate high schools recognised temporarily is fixed at half ...net expenditure (*viz.*, authorised expenditure minus income ...n tuition, admission and penal fees) the grant being sanc...ed only temporarily from year to year and paid before the ...of each financial year in a lump on the basis of the ...king of the school and the statement of the annual ...ounts for the academic year, which ends earlier than the ...ncial year.

...The Director of Public Instruction states that it is ...ad necessary to similarly modify the rules of grant-in-... to middle schools managed by private agencies for the ...sons mentioned below.

...He states that there are about ten un-aided but temporarily ...ognised middle schools, which are ineligible for any ...intenance grant, as there is no rule at present to admit ...em for grant, as is done in the case of temporarily recognised ...igh schools and that the managements of Middle schools ...re decidedly at a disadvantage, because fees are not levied ...n most Middle Schools as in high schools, though the private ...middle schools are practically discharging the duty of the ...tate as regards education and sharing the burden of the ...xpenditure of the State to some extent. The managements ...of temporarily recognised middle schools have been repeatedly ...pplying for grants, but they are being rejected as they are ...not covered by the existing rules, with the intimation that ...ommendations have to be renewed only after those schools ...permanently recognised.

...Is temporarily recognised middle schools cannot prosper ...hout financial aid from Government and as it will take a ...siderable time for them to fulfil all the conditions to earn ...manent recognition, the Director of Public Instruction is ...he opinion that it is desirable and necessary that the rule ...ting to the fixation of grants to temporarily recognised ...schools should be made applicable to temporarily recog...d middle schools in order to place the latter also on a par ...h the former. He adds that as the number of such ...porarily recognised middle schools is small, the total ...a cost to Government for sanctioning grants may be about ... 7,500 per annum and recommends sanction to the ...nsion of the benefit of the rule regarding maintenance ...nts to temporarily recognised high schools, to the tempo...ly recognised middle schools also.

In the circumstances explained above Government direct ...at the concession of the grant of three-fourth of the net ...thorised expenditure allowed to the temporarily recognised ...ivate high schools in the Government Order, dated 4th ...vember 1948, read above be made applicable to the tempo...ily recognised private middle schools also.

...The cost during the current year will be met out of the ...psum provision of Rs. 15,000 made in the current year's ...dget for sanctioning fresh maintenance grants and necessary ...vision will be made for the purpose in the budgets of the ...xt and subsequent years.

Prescribes a Work Calendar for the construction of Primary School Buildings.

OFFICIAL MEMORANDUM.

O. M. No. E. 6258-79—EDN. 111-48-4, BANGALORE, DATED THE 21ST DECEMBER 1948.

Though one month has elapsed after the issue of Government Order No. E. 4396-416—Edn. 111-48-3, dated 10th November 1948 in the matter of the procedure for the speeding up of the construction of buildings for Primary Schools, it is observed that practically nothing has been done in this direction so far. Government feel that a work calendar should be adopted by the several concerned officers and that it should be adhered to if substantial progress in this direction has to be achieved before the end of this official year and are accordingly pleased to issue the following instructions in this behalf—

(1) The Chief Engineer for Roads and Buildings is requested to send a type plan and a standard estimate to Government as required in para 5 of the Government Order, dated 10th November 1948 before the end of December 1948 so that after approval by Government it may serve as the basis for preparing plans and estimates.

(2) The District Educational Officers will prepare according to urgency, lists of places where school buildings have to be constructed during this year and send them to the Amildars before the 25th December 1948.

(3) The Amildars will then get plans and estimates prepared for those buildings before the 15th January 1949 and apply for necessary funds to the Deputy Commissioners before the end of January 1949, indicating the donation which may be received, if any, from private people or communal labour which may be forthcoming for this purpose or any amount which the panchayets may be able to pay from their funds.

(4) The Deputy Commissioners will sanction the necessary grants and arrange to credit the same to the concerned Village Panchayets before the end of February 1949 after getting the estimates scrutinised by the respective Assistant Engineers in cases where such scrutiny is necessary.

(5) The Amildars will then call for tenders and dispose of the contract before the end of March 1949.

(6) The Director of Public Instruction is requested to allot immediately the sum of rupees ten lakhs to the several Deputy Commissioners as indicated in para 2 (iv) of the Government Order dated 10th November 1948. Some amount may be kept in reserve for meeting the demand of the Municipal areas and the demands from the District Boards.

(7) A special report about the progress achieved in this behalf may be obtained by the Director of Public Instruction from the Deputy Commissioners and Presidents of District Boards and Executive Engineers and Presidents of Municipal areas and sent to Government before the end of February 1949.

It will be seen from the work calendar mentioned above that unless the dates are adhered to, substantial progress in the construction of building may not be achieved. Government trust that the concerned officers will evince interest in the matter and strictly adhere to the dates indicated above.

Re-classification of Officers and Non-official Members of Committees for purposes of Railway accommodation.

READ—

Letter No. 290—T. A., dated the 25th November 1948, from the Comptroller to Government, soliciting orders in the matter of regulating the Travelling Allowances of Government Officers and Non-official Members of several Committees with effect from 1st January 1949, consequent on the re-classification of accommodation for passengers on the Mysore State Railway.

ORDER NO. FL. 6916-7000—S. & A. 92-48-2, D TED BANGALORE, THE 28TH DECEMBER 1948.

At present, there are four classes of accommodation for passengers on the Mysore State Railway. With effect from the 1st January 1949, it has been decided to have only three classes of accommodation in place of the existing four classes. Consequently, it is necessary to specify the classes of employees who would be entitled to travel in the revised classes of accommodation.

Government are pleased to direct that Government servants be classified as under for purposes of regulating travelling allowance claims in respect of journeys performed by them on duty :—

Class of officers	*Nature of accommodation*
Officers drawing a salary of Rs. 600 and above ...	Class I
Officers drawing a salary of Rs. 150 and above but below Rs. 600 ...	Class II
Other Officers ...	Class III

As regards Non-official members of various Committees the following rules will apply :—

Existing I Class to correspond to I Class.

Existing II Class and Inter-class to correspond to II Class.

Existing III Class to correspond to III Class.

The above rules will be made applicable in respect of journeys performed on or after 1st January 1949.
